ALEXANDER SNIPE, JR. dba GLORY COMMUNICATIONS  
SOUTH CONGAREE, SOUTH CAROLINA

DECLARATION

I declare, under penalty of perjury, that I have prepared the attached Exhibit for ALEXANDER SNIPE, JR. dba GLORY COMMUNICATIONS, and that all of the facts therein, except for facts of which the Federal Communications Commission may take official notice, are true to the best of my knowledge and belief; and that I am a Registered Professional Engineer in the States of Georgia, Alabama and North Carolina.

Executed on February 24, 1991.

A handwritten signature in cursive script, reading "William A. Culpepper", is written over a horizontal line.

ALEXANDER SNIPE, JR. dba GLORY COMMUNICATIONS

SOUTH CONGAREE, SOUTH CAROLINA

NARRATIVE

This Exhibit supports the attached Application of ALEXANDER SNIPE, JR. dba GLORY COMMUNICATIONS for a new FM Broadcast Station at South Congaree, South Carolina.

The response to question 14 of V-8 is "No" to all parts except that the blanketing contour will encompass a populated area. If any blanketing interference is reported, applicant agrees to abide by §73.318 in correcting the problem. Possible solutions to blanketing interference might include, but not be limited to, the installation of a filter in the antenna input to the offending receiver and installation of RF chokes in the speaker and power cables.

The proposed site is not in an area described in §1.1307(a)(1) through §1.1307(a)(4); the facility will not involve a significant change in the surface features of the land, and the tower will not use high-intensity white lights at night. There is no RFR hazard to humans at ground level when evaluated using the criteria of ANSI C95.1-1982. Therefore, this application is excluded from environmental processing under §1.1306.

Applicant states that if this application is granted, emergency generators will be installed as required to operate the station upon failure of the commercial power supply.

Terrain elevations and distances to signal strength contours have been calculated at two degree intervals. This data has been used to plot the contours on Figure 3.

This application for three kilowatts is for an allotment resulting from a petition for rule making filed prior to October 2, 1989, and it is to be processed under the spacings in §73.213(c)(1).

FCC NOTICE TO INDIVIDUALS REQUIRED BY THE PRIVACY ACT  
AND THE PAPERWORK REDUCTION ACT

The solicitation of personal information requested in this application is authorized by the Communications Act of 1934, as amended. The principal purpose for which the information will be used is to determine if the benefit requested is consistent with the public interest. The staff, consisting variously of attorneys, analysts, engineers and applications examiners, will use the information to determine whether the application should be granted, denied, dismissed, or designated for hearing. If all the information is not provided, the application may be returned without action having been taken upon it or its processing may be delayed while a request is made to provide the missing information. Accordingly, every effort should be made to provide all necessary information. Your response is required to obtain the requested authority.

Public reporting burden for this collection of information is estimated to vary from 71 hours 45 minutes to 301 hours 30 minutes with an average of 118 hours 28 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, can be sent to the Federal Communications Commission, Office of Managing Director, Washington, D.C. 20554, and to the Office of Management and Budget, Paperwork Reduction Project (3080-0027), Washington, D.C. 20503.

THE FOREGOING NOTICE IS REQUIRED BY THE PRIVACY ACT OF 1974, P.L. 93-579, DECEMBER 31, 1974, 5 U.S.C. 552a(e)(3), AND THE PAPERWORK REDUCTION ACT OF 1980, P.L. 96-511, DECEMBER 11, 1980, 44 U.S.C. 3507.
